YOUR DAY

When holding a civil ceremony at the hotel, we recommend guests arrive half an hour prior to your ceremony; guests will be invited to take their seats by the registrar.

Post-ceremony drinks, or drinks on arrival following an off site ceremony will take place in our gardens or, in the event of inclement weather, one of the beautiful areas within the hotel. An hour is the perfect amount of time for drinks and photographs.

Guests will be asked to take their seats in preparation for your “wedding breakfast”, where they will enjoy your chosen menu, selected wines, speeches and cake cutting. Following the “wedding breakfast”, your evening reception will commence, with your bar and entertainment going right on until midnight.

Master of Ceremonies. The hotel provides a Master of Ceremonies, who will be on hand throughout the day to ensure the smooth and efficient running of your special day. Making sure that you and your guests are well looked after by our wedding team, and most importantly that you all enjoy the day.

TRACY BURR

Photography

I've always worked in a creative industry from Graphic Design to Interior Design, it was then that a friend asked me to photograph her wedding and I have never looked back. I have since received training from leading wedding and portrait photographer, Annabel Williams and have converted my passion for photography into a professional career.

As a female photographer, I feel brides are more comfortable with another female during the preparations of the day and often forget I am there. As my favourite time of the day, I love to record all the little details that you have taken so much time and consideration over.

Based near Stamford, Lincolnshire, I am available to photograph your wedding throughout the UK, capturing those treasured memories of your special day in both a relaxed and informal style.

CAKES

The grand centrepiece of any wedding feast is the cake.

Bringing in the professionals will provide a sumptuous wedding cake to astound your guests.

You can add your individual style when creating your wedding cake decorations and take inspiration from your wedding theme for ideas about colour and ice your cake to co-ordinate with your place settings, flowers or even the bridesmaids' dresses.

Enlisting the creative talents of a bespoke cake maker or cake designer will help create the perfect look incorporating your own design and specification.

A wedding cake is the focal point of your reception; make it striking, original and visually exciting. It is always admired, photographed, savoured and remembered.

"We love recommending Couture Cakes to our bride & grooms, as you always know they will end up with an exciting and beautiful cake. Katie is also a very reliable supplier, which is of paramount importance when arranging your special day. Naturally, she was the ideal choice for my sisters wedding, I wouldn't recommend anyone else to her!"

Katie Wrynn, Wedding Co-ordinator at the George of Stamford.
